These quality Rigid Plastic signs are fluorescent to assist the user in poor visibility or darkness.

The Chubb Dorgard is a safe, legal and cost effective device used to safely hold fire doors open until the fire alarm sounds!

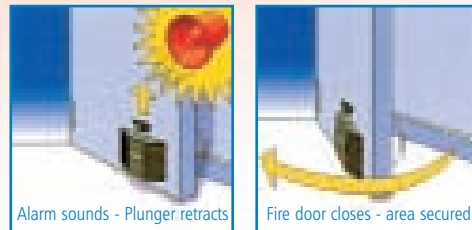

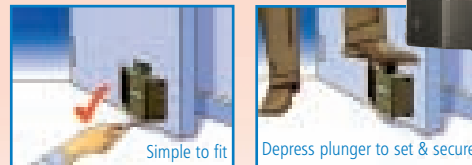

### Cost effective

Chubb Dorgard is a battery operated device simply fitted to the bottom of fire doors. Therefore it does not require complex and expensive wiring to the fire alarm system.

### Simple operation

Chubb Dorgard is designed to listen for sounds in excess of 65dB which is the minimum sound level for all existing fire alarms to comply with BS 5839.

- Manufactured in accordance with BS EN 1155
- Approved by Chief Fire Officers Association (CFOA)
- Endorsed by the National Care Homes Association
- Designed in line with the Disability Discrimination Act: Improving access for wheelchair users

# Products and Services you can trust

Protecting buildings, records and our history is vital. Even more important is the protection of peoples lives.

Chubb Fire, leading in fire protection for over 100 years, has designed a fire safety package specifically for CPS customers, featuring its most suitable products and services - available at specially discounted prices.

## More effective than water

- 6 litre Hydrospray Extinguisher

With its specially developed additive and advanced spray nozzle, the lightweight Hydrospray is 60% more effective than a conventional water extinguisher, and size for size more manageable. It's ideal for paper, fabric and wood fires.

- 2kg CO<sub>2</sub> Extinguisher

Highly effective against flammable liquid and electrical hazard fires, without damaging delicate materials or equipment.

## Expert Assistance

If you would like advice on how best to protect your premises from fire, Chubb Fire will carry out a free, no obligation inspection making detailed recommendations.

**Guarantees** All extinguishers and fire blankets are Kitemarked and guaranteed for five years.

## Service Contracts

Your fire protection equipment will only function effectively in an emergency if it has been properly maintained and regularly serviced.

Chubb Fire provides dependable and comprehensive service cover for a fixed price.

All servicing work is carried out to the appropriate British Standards by Chubb's team of highly trained service engineers, locally based throughout the country.

## Why use the CPS/Chubb Scheme?

### Equipment

- Special prices for CPS customers
- All equipment supplied conforms to BSEN3 (European standard)
- All Chubb Fire Fighting Equipment comes with a 5 Year Guarantee providing annual servicing is carried out by British Standard approved engineers.
- The CPS/ Chubb Scheme offers FREE of CHARGE surveys and advice on existing equipment and additional requirements.

### Maintenance Agreements

- No extras - no hidden charges
- Fixed price per extinguisher serviced
- Annual Service INCLUSIVE OF ALL SPARES AND REFILLS
- All Chubb Fire's servicing activities are regularly audited by BSI inspectors to provide independent assurance of quality of service.
- Chubb Fire Services Engineers are qualified by FETA (Fire Extinguisher Trades Association) having taken both theoretical and practical examinations.
